THE SPORTSMAN'S BARR

Volume 1, Issue 10

July/August 2010

## Bi-Monthly Newsletter, Issue Number Ten Highlights

### Am I Ready For Fall Hunting?

Last time I mentioned that it is not too early to start getting ready for Fall hunting.

Now I have to put my money where my mouth is! After, I can't count how many years that I have been putting in for a moose tag, this year I finally was chosen.

I drew Zone 8, Moosehead Lake to Rt. 27 Eustis, or there about, which puts our camp smack in the center of the zone. How lucky is that?

Several weeks ago while riding our ATV's, June & I saw one of the biggest bulls I have seen in years about 10 miles from our camp.

You can be sure that I will be

scouting every time we get up there this Summer and Fall.

Now for the big question, do I take a bow or a rifle?

I'll tell you what, I will be going with both and see if I can get one in close enough for a bow shot. I will use a rifle as a last resort.

This means I will be practicing every chance I get so stop in and tell me your moose stories. I am here every night Mon -Thurs and every other weekend.

I would like to extend my congratulations to all the folks who were drawn this year and wish everyone a safe and successful hunt.

Congratulations especially to our own Women's Archery

Champ, Jody Jaramillo for her second moose hunt coming up.

Happy Summer,  
Steve

### HANDGUN SAFETY CLASS

The next **Handgun Safety Class** will be held Tuesday, August 10 from 6-9PM. These classes still tend to fill up very quickly. If you call and the class is full, we will put your name on a waiting list and will be happy to notify you of a cancellation or when the next class is scheduled. Classes for small groups of 10 or more can be scheduled for your convenience. Call for more information.

### Hunting & Fishing Seasons:

- OPEN WATER FISHING IS HERE!!
- STRIPERS ARE HERE!!
- SHADY PLACES ARE WHERE BROOK TROUT ARE HIDING.

## NO SALTWATER LICENSE REQUIRED

### Resident and nonresident anglers

who purchase a fishing license from the Department of Inland Fisheries and Wildlife will not have to register or pay any fee to fish in saltwater. When you purchase your freshwater fishing license, you can check a box

on your license application if you want to fish in saltwater.

Saltwater anglers who do not purchase a DIF&W fishing license will have to register with the Department of Marine Resources. The registration is free, but an agent fee must be paid (\$1 if registering

directly with DMR, \$2 if registering with a licensing agent).

It is assumed that DMR will use DIF&W's MOSES online system and licensing agents, but that is not fact at this time.

*(Continued on page 2)*

### Inside this issue:

- MONTHLY NEWSLETTER HIGHLIGHTS **1**
- SALTWATER LICENSE **1**
- PRE-ORDER AND SAVE \$\$\$ **2**
- PRODUCT OF THE MONTH **3**
- WHAT'S HAPPENING THIS MONTH **4**

... anglers who do not purchase a DIF&W fishing license will have to purchase a "striped bass endorsement".

## To The Point

---

### Saltwater License Rules

*(Continued from page 1)*

The names, mailing addresses, and telephone numbers of those who check the DIF&W license box to fish in saltwater or who register with DMR will be given to the National Oceanic and Atmospheric Administration to be used for federal surveys of saltwater anglers.

Any anglers who do not purchase a DIF&W fishing license will have to purchase a "striped bass endorsement" to fish for or possess striped bass. The annual fee for this endorsement is \$5 for a resident and \$15 for a nonresident. Anglers 70 years of age or older may purchase a lifetime striper endorsement for \$10, but must renew that endorsement (for free) each year. Henceforth, we will call the endorsement a license.

In addition to DIF&W licensed anglers, the following will not have to register with DMR or purchase the striper license:

- a) Anglers under 16 years of age;
- b) Clients in a boat captained by a guide who has purchased a \$50 commercial operator's license;
- c) Anglers renting a smelt fishing shack from an operator who has purchased a \$50 commercial operator's license;
- d) A person with a disability, defined as a person who is physically or mentally incapacitated as determined by DMR's commissioner
- e) A disabled veteran, defined as a veteran of the Armed Forces of the United States who has a service-connected disability as determined by the United States Department of Veterans Affairs;
- f) An angler with a New Hampshire saltwater fishing license who is fishing along the southern border to Cape Neddick;
- g) All anglers fishing on July 4, Labor Day weekend, or Memorial Day weekend.

I hope this clears up some of the confusion.

### Pre-Order and Save \$\$\$.

**Anyone wishing to place their fall order with us now, will save 10% off the MSRP. It's as simple as:**

- 1. Check out your favorite catalogs or web pages.**
- 2. Come in and see us or call us.**
- 3. Place a 20% deposit for your item(s).**
- 4. Orders will be placed the last week in August to have them here for the beginning of the September hunting season.**

**So get a jump on the season and save some money, too.**
